

Green Waste Shredder

Compact, easily manoeuvrable and simple to use the efficient feeding and cutting sequence can process branches up to 4.5cm thick.

The impact resistant, fall-safe housing, low weight (23kg), integrated trolley and handle achieve maximum mobility.

Easy to store and with low noise levels thanks to the slow speed 39rpm.

TECHNICAL SPECIFICATIONS

Size	Length	0.47m	Width	0.47m	Height	0.89m
Weight	24kgs					
Ejector Opening	0.14m x 0.08m					
Ejector Height from Ground	0.33m					
Cutter Roller Speed	39rpm					
Cutting Capacity	up to 4.5cm thick					
Sound Level	82db					
Motor	Single Phase, 240v 50Hz					
Power	1.6kW (2.2hp)
